

**AMENDMENTS TO ABSTRACT**

Please amend the abstract of the disclosure, as follows:

A housing for protecting a flat panel display and/or a backlight module ~~is disclosed,~~  
~~which has~~ includes a rear blade, a front blade, and a side blade, ~~wherein said~~ the side blade is  
integrated with and sandwiched between ~~said~~ the front ~~blades~~ blade and ~~said~~ the rear ~~blades~~ blade  
to form a linear frame having a cross-section in a shape of a “Π”, and ~~said~~ the linear frame is  
allowed to fold to surround the partial or the whole edge of ~~said~~ the flat panel display and/or  
~~a~~ backlight module.
